

9 COURSE DESCRIPTIONS

How to Install Underground Fuel Storage Tanks & Piping:

A comprehensive UST installation course designed to prepare students for UST Installer Certification/Licensing examinations as well as continuing education. The text is an encyclopedia of UST Installation incorporating references from API, PEI, NFPA, 30 & 30A, 40 CFR 280 and manufactures installation instructions and check sheets.

A Contractors Guide to UST Closures:

A complete guide to UST removal/decommissioning. It is designed to prepare students for UST Removal Cert. exams as well as continuing education. The text incorporates material from API, New England Water Commission, NFPA, 40 CFR 280 and PEI/RP 1700 and actual experiences of students.

OSHA 8 Hour Annual Hazwoper Refresher Course for UST Sites:

Completing this course will give the student 8 hrs. of UST cont. education credits as well as satisfying the OSHA 8 hr. Annual HAZWOPER Refresher training requirements. This course is unique in that it is a HAZWOPER refresher course that focuses on UST sites and is therefore relevant to the students.

How to Comply with UST Testing and Inspection Rules:

Learn the procedures for performing the required tests and inspections to comply with the new federal Underground Storage Tank Regulations.
